Dear Potential Sponsor,

We are pleased to announce the Dairy Cattle Welfare Symposium to be held **May 18-19, 2022 in Syracuse, New York** at the Marriott Syracuse Downtown. Many of our current sponsors have been committed since prior to the start of the pandemic. We'd like to offer you the opportunity to be added as sponsor for the 2022 Symposium (current program agenda is attached).

Each of the previous symposiums have been great successes with around 200 people in attendance for the last in-person program held in 2019. The Symposium was postponed in 2020 and we held a virtual program in 2021. Anyone who has an interest and a stake in dairy cattle welfare is invited to attend. Participants include dairy producers, veterinarians, consultants, academicians and allied industry.

The Dairy Cattle Welfare Council (DCWC) is a nonprofit organization that was formally established in 2016 to promote dairy cattle welfare by bringing together dairy farmers, veterinarians, consultants, universities, and the dairy community to develop best recommended practices with focus on animal well-being, management, husbandry, animal-people interaction, health, and productivity. Our annual symposium is a two-day meeting with speakers from multiple areas of the dairy industry to educate and share research, on-farm practices and innovation in the area of dairy cattle welfare.
